

About Carbide Tools Ltd

Carbide Tools was founded in 1970 by Michael Hilary and Eamon Stevenson in a workshop in Phibsboro, Dublin, before moving to a purpose built factory in Coolock in 1975, where we have remained to this day.

Carbide Tools provide a complete range of tools and service to the Irish woodworking industry. We manufacture TCT Sawblades and market them with a range of Router Cutters under the HARDTIPT brand. Furthermore, we are the sole agents in Ireland for both AKE and FREZITE, whom are considered amongst the finest manufacturers of Sawblades and Tooling respectively in Europe and are both ISO9000 certified.

In addition we are agents for a large list of manufacturers of complimentary tools:

- TITMAN and KWO Router Cutters
- JSO PCD Router Cutters & Boring Bits
- 3-ANCHORS Mortise Chisel & Bits
- MAKA Mortise Chisel bits
- UTENSILEGNO Mortise Chain & Gear
- SIMONDS Narrow Bandsaw Blades
- REKORD Helical Planer Blocks... and many more.

We have a nationwide Sales team to ensure you get the level of service and support you deserve, backed up by a professional and committed staff in our manufacturing and distribution centre in Dublin.
